Every PYQ Has a Lesson: Patterns, Logic, Understanding & Strategy

PROGRAM STARTS	CLASS TIMINGS	FORMAT
16th November 2026	2:00 PM – 5:00 PM (Daily)	150 Classes • Hybrid

Course Features & Thematic Discussion

CORE METHODOLOGY

- **Comprehensive Coverage:** 150 interactive daily classes covering conceptually dense areas in depth with concise thematic workbooks.
- **Theme-Wise PYQ Analysis:** Subjects are divided into distinct themes so every PYQ from the past 10 years is analyzed and solved in the same session.
- **Thematic Discussion Framework (2-Step Mastery):**

DISCUSS THE THEME THROUGH 2 STRUCTURED STEPS:

(A) PYQS ASKED
Deconstruct past question patterns, examiner traps, and repeated conceptual threads.

(B) PROBABLE QUESTIONS DISCUSSION
Practice forward-looking probable questions from the same theme across key UPSC formats:

Fact-Based | Concept-Based | Assertion-Reason Type | Inference Type | Statement Based | Match 2 & 3 Column | Other Probable Topics

- **"Can't Skip" Content:** Highlights non-negotiable facts and core concepts that must be mastered, even where UPSC has not yet asked a question.
- **Skill-First Problem Solving:** Brainstorm questions and deduce the right option using conceptual logic rather than memory alone.

LEAD FACULTY & MENTOR

Amit Sir

Geography, Environment, Disaster Management & Ethics (GS-I, III, IV)
